I believe that Bayview is the most capable and reliable contractor in the industry. We are able to handle the wide array of environmental challenges that occur during construction and demolition projects. Our unique ability to remediate whatever comes up sets us apart.

Peter Warren, Director of Operations
Bayview Environmental

PROJECT SUMMARY

The project, due to the Woolsey and Hill fires throughout Ventura and Los Angeles Counties, required the removal of various hazardous materials throughout the sites. The site activities were coordinated daily and necessitated the ability to mobilize to meet demanding schedules.

4 Months

COMPLETION DATE

June 2019

CONTRACT VALUE

\$1,374,000

PROJECT SIZE

Over 800 Property Sites

CREW SIZE

15 workers

* Project Code: 18402

PROJECT SUMMARY

Bayview responded to an emergency response request from its customer to assist in a coordinated clean-up effort related to the oil spill incident off the coast of Huntington Beach. A Unified Incident Management Team that included the US Coast Guard, California Department of Fish and Wildlife, and Amplify Energy Corporation directed the clean-up efforts. Immediate closure to Huntington Beach was necessary to limit public access to oil-impacted areas, due to the toxicity of the oil and ongoing cleanup efforts.

Our project consisted of Bayview immediately deploying 4 Foreman, 36 Technicians and 4 crew Vehicles around the clock for 8 working days to implement oil containment efforts. The work continued through the re-opening of the Public Beach ahead of the projected schedule.

The Unified Command announced that approximately 5,544 gallons of oil has been recovered from the water and 12,160 feet of boom had been deployed. Huntington Beach was re-opened to the Public on October 8, 2021.

On behalf of US Ecology we would like to express our gratitude for the support you have provided us during the Beta Oil Spill in Southern California. On events of this scale and magnitude it takes a joint effort by multiple companies to make a successful response, and once again we would like to thank you for all of your support.
