MESSAGE

Founded over 25 years ago, Bayview Services Inc., prides itself on providing turnkey services to our Trade Partners in Environmental Remediation, Specialty Demolition, and most recently Industrial Services. While Bayview is new to Southern California, we have built a lasting partnership with McCarthy over the last several years in Northern California and seek to expand that partnership with your team in the Southern California area.

Please consider Bayview when bidding your next Southern California Project. If any pre-qualification information is needed to add us to your bidder's list, please contact me directly.

Tenant-improvement demolition project of an existing concrete tilt-up and panelized roof structure building.

CLIENT/OWNER
Gilead Sciences, Inc.

GENERAL CONTRACTOR
McCarthy Construction

DURATION
2 Months

COMPLETION DATE
September 2019

CONTRACT VALUE
$497,900

PROJECT SIZE
25,000 Sqft

CREW SIZE
30 workers

PROJECT SUMMARY

This tenant-improvement demolition project included the removal and disposal of interior walls of an existing concrete tilt-up and panelized roof structure building, as well as that of ceiling, flooring, light fixtures, and overhead mechanical, electrical, and plumbing throughout the structure. We also performed selective sawcutting, slab breaking, and excavating for removal of underground utilities and new footings.

Soft demolition and hazardous material abatement in 8 floors of this occupied hospital building.

CLIENT/OWNER
University of San Francisco

GENERAL CONTRACTOR
McCarthy Construction

DURATION
19 Months

COMPLETION DATE
June 2015

CONTRACT VALUE
$2,942,000

PROJECT SIZE
250,000 Sqft

CREW SIZE
25 workers

PROJECT SUMMARY

The selective interior soft demolition at this occupied hospital building included non-structural ceiling systems, partition walls, and floor finishes. The hazardous material abatement included asbestos and lead-containing materials, mercury-containing fluorescent light tubes, and PCB-containing lighting ballasts throughout the structure's eight stories.

Soft and hard demolition at multiple locations.

CLIENT/OWNER
Westfield Mall

GENERAL CONTRACTOR
McCarthy Construction

DURATION
10 Months

COMPLETION DATE
April 2021

CONTRACT VALUE
$449,000

PROJECT SIZE
40,000 Sqft

CREW SIZE
8

PROJECT SUMMARY

- This project consisted of multiple floors and multiple locations of soft and hard demolition. Bayview removed and disposed of selective plaster walls to accommodate new glass storefronts and a portion of the roof slab was removed and we left the rebar for others to install a new steel canopy. Also Bayview performed saw cutting and chipped out a concrete slab at four levels to accommodate a new escalator. The first floor was complex because this was an 18" thick pour concrete that had multiples active piping running through. At this location Bayview needed to saw cut the perimeter of the slab and chip concrete around existing rebar and active electrical conduits for other trades to do their electrical safe off. After the safe off was complete, Bayview installed a crash deck on floor below to catch all falling concrete from the slab above.

Marvin J. Henderson

President

BIO

As one of the founding members of Bayview, Marvin has over 40 years of experience in the demolition and abatement industry. He started his construction experience as a union carpenter installing specialty asbestos products. Prior to the formation of Bayview, Marvin was one of the Chief Estimators and Vice President of a publicly traded environmental company.

Marvin's initial position in Bayview was to form and develop the sales and estimating team. Now as President of Bayview, he continues to guide the company to be one of the leading demolition, insulation, and hazardous material abatement contractors in California.

CERTIFICATIONS/TRAINING

- Qualifying individual for the California State Contractors license for Bayview Demolition Services, Inc. License #764068

Safety = success. The cleaner and safer the job site, meaning our people are on task and organized, the fewer injuries we experience. It's that simple. And the project comes out more successfully: on time, on budget. This all makes the clients happier.

Thank you guys for getting a crew ready to go on such short notice. Demo went smoothly!! Also, I can't speak enough about Miguel the foreman, he thought of everything from setting up plastic around the mock-ups to bringing a mop to wipe the floor down when done. The crew was incredible and super hard-working, these guys meant business.

Jose Vega | Project Manager
Whiting-Turner

"Bayview Demolition continues to exceed Level 10 Construction's expectations while performing interior demo across 220,000 sq. ft. The first phase of demo started in June 2019 and BDS has performed over 20,000 hours without a lost-time injury. The work is taking place in an occupied building and debris is off hauled along Market Street in one of San Francisco's busiest tourist destinations."

Jeremy McGee | Senior Superintendent
Level 10 Construction
