**Thank you guys for getting a crew ready to go on such short notice. Demo went smoothly!! Also, I can't speak enough about Miguel the foreman, he thought of everything from setting up plastic around the mock-ups to bringing a mop to wipe the floor down when done. The crew was incredible and super hard-working, these guys meant business.**

**"Bayview Demolition continues to exceed Level 10 Construction's expectations while performing interior demo across 220,000 sq. ft. The first phase of demo started in June 2019 and BDS has performed over 20,000 hours without a lost-time injury. The work is taking place in an occupied building and debris is off hauled along Market Street in one of San Francisco's busiest tourist destinations."**
