MESSAGE

Founded over 25 years ago, Bayview Services Inc., prides itself on providing turnkey services to our Trade Partners in Environmental Remediation, Specialty Demolition, and most recently Industrial Services. While Bayview is new to Southern California, we have built a lasting partnership with BNBuilders Inc. over the last several years in Northern California and seek to expand that partnership with your team in the Southern California area.

Please consider Bayview when bidding your next Southern California Project. If any pre-qualification information is needed to add us to your bidder's list, please contact me directly.

Environmental issues are as complex as they are diverse. Bayview Industrial recognizes the needs of our clients. We offer the safest and most effective solutions to their environmental challenges, while ensuring compliance to current regulations. Providing this level of service allows our customers to always maintain efficient operations.

Shane Pickett, Division Manager
Bayview Industrial

PROJECT SUMMARY

The Arbol Assisted Living and Skilled Nursing Facility in Santa Rosa underwent a multi-phased, tenant improvement project to upgrade the resident's rooms, employee offices, and common areas. The facility was fully occupied throughout the project duration, so we had to carefully perform our demolition to prevent any disturbances to the elderly residents. Our scope of work on the first floor included the removal of flooring, walls, ceilings, and a large fireplace in the reception area, employee offices, common areas. The third floor scope was to fully gut select resident rooms and demolish demising walls to allow more space per room for the build back. In order to minimize the disruptions to the residents and due to restrictions on elevator usage, we utilized exterior window that had been removed to safely loadout the debris from the 3rd floor into a dumping bin attached to a gradall.

PROJECT SUMMARY

- > This project consisted of the removal at multiple locations of carpet and ceramic flooring. Even though this project was small, it was special because this was an active space and Bayview needed to work around the client's employees. Bayview took great pride on cleanliness and noise control considering it was an active work site.

BAYVIEW DIVISIONS

Marvin J. Henderson

President

BIO

As one of the founding members of Bayview, Marvin has over 40 years of experience in the demolition and abatement industry. He started his construction experience as a union carpenter installing specialty asbestos products. Prior to the formation of Bayview, Marvin was one of the Chief Estimators and Vice President of a publicly traded environmental company.

Marvin's initial position in Bayview was to form and develop the sales and estimating team. Now as President of Bayview, he continues to guide the company to be one of the leading demolition, insulation, and hazardous material abatement contractors in California.

CERTIFICATIONS/TRAINING

- > Qualifying individual for the California State Contractors license for Bayview Demolition Services, Inc. License #764068

Safety = success. The cleaner and safer the job site, meaning our people are on task and organized, the fewer injuries we experience. It's that simple. And the project comes out more successfully: on time, on budget. This all makes the clients happier.

Thank you guys for getting a crew ready to go on such short notice. Demo went smoothly!! Also, I can't speak enough about Miguel the foreman, he thought of everything from setting up plastic around the mock-ups to bringing a mop to wipe the floor down when done. The crew was incredible and super hard-working, these guys meant business.

Jose Vega | Project Manager
Whiting-Turner

"Bayview Environmental recently completed the abatement project for Nibbi Brothers at the 2 North Point office building retrofit and TI. The abatement work was completed ahead of schedule and with full conformance with all the specified regulations. I wouldn't hesitate to bring Bayview back for our next abatement job."

Spencer Sayles | Project Manager
Nibbi Brothers General Contractors

"Bayview Demolition continues to exceed Level 10 Construction's expectations while performing interior demo across 220,000 sq. ft. The first phase of demo started in June 2019 and BDS has performed over 20,000 hours without a lost-time injury. The work is taking place in an occupied building and debris is off hauled along Market Street in one of San Francisco's busiest tourist destinations."

Jeremy McGee | Senior Superintendent
Level 10 Construction
