SoCal Expansion  
Bayview Services Inc.  
Demolition | Environmental |  
Industrial

## MESSAGE

Founded over 25 years ago, Bayview Services Inc., prides itself on providing turnkey services to our Trade Partners in Environmental Remediation, Specialty Demolition, and most recently Industrial Services. While Bayview is new to Southern California, we have built a lasting partnership with Turner Construction over the last several years in Northern California and seek to expand that partnership with your team in the Southern California area.

Please consider Bayview when bidding your next Southern California Project. If any pre-qualification information is needed to add us to your bidder's list, please contact me directly.

**Environmental issues are as complex as they are diverse. Bayview Industrial recognizes the needs of our clients. We offer the safest and most effective solutions to their environmental challenges, while ensuring compliance to current regulations. Providing this level of service allows our customers to always maintain efficient operations.**

Shane Pickett, Division Manager  
Bayview Industrial

#### PROJECT SUMMARY

This multi-story project required abatement from within specific rooms along the core of the structure. Each area required its own containment and clearance upon the removal of the asbestos texture and paint. Additionally columns throughout the building were ringed with sealant requiring detailed removal from elevated platforms.

\* Project Code: 20266

#### PROJECT SUMMARY

This project involved the renovation of the International Arrivals Terminal Building located at the Oakland Airport in Oakland, California. Two walls of the building were completely removed, and the building was expanded out to increase the overall size of the structure. In addition, the entire building was renovated, including electrical and structural upgrades. Interior finishes were completely removed and upgraded. Restrooms were completely removed and upgraded, and all of the luggage carousels were removed and upgraded. All of this work was performed with the building remaining occupied and fully functional, and since this was the International Terminal the building was under high security, which required special access badges.

#### PROJECT SUMMARY

Bayview Environmental Services completed the asbestos cable abatement at the San Onofre Power Generating Station for its Decommissioning.

This project involved several challenges including extremely stringent access requirements, additional environmental hazardous training, protocols and PPE, difficult work area access due to elevated and congested infrastructure as well as stringent COVID-19 procedures.

The scope of work consisted of the removal and packaging for disposal of 27 miles of asbestos braided cables that are found throughout the plant and included the cleaning of asbestos surface dust from the 370,000 square foot facility. The contract was valued at over \$7.7 million dollars and was completed on schedule.

# Marvin J. Henderson

President

## BIO

As one of the founding members of Bayview, Marvin has over 40 years of experience in the demolition and abatement industry. He started his construction experience as a union carpenter installing specialty asbestos products. Prior to the formation of Bayview, Marvin was one of the Chief Estimators and Vice President of a publicly traded environmental company.

Marvin's initial position in Bayview was to form and develop the sales and estimating team. Now as President of Bayview, he continues to guide the company to be one of the leading demolition, insulation, and hazardous material abatement contractors in California.

**Geronimo and Jesse,**

**We are well into our 3rd night of demolition and I want to let both of you know that your team is doing a great job so far. Hats off to Rodolfo for clearly communicating with myself, his crew and for leading the team safely towards success. Thank you to the entire Bayview team for all of your efforts on this project to date. Let's keep it going!**

---

Jason Sardeson | Superintendent  
Turner

**Thank you guys for getting a crew ready to go on such short notice. Demo went smoothly!! Also, I can't speak enough about Miguel the foreman, he thought of everything from setting up plastic around the mock-ups to bringing a mop to wipe the floor down when done. The crew was incredible and super hard-working, these guys meant business.**

---

Jose Vega | Project Manager  
Whiting-Turner

**"Bayview Environmental recently completed the abatement project for Nibbi Brothers at the 2 North Point office building retrofit and TI. The abatement work was completed ahead of schedule and with full conformance with all the specified regulations. I wouldn't hesitate to bring Bayview back for our next abatement job."**

---

Spencer Sayles | Project Manager  
Nibbi Brothers General Contractors
