"There's more to demolition than just tearing things apart. We understand the technical aspects involved in the process based on our extensive experience, and look to mitigate potential exposures proactively. Every demolition job involves problem solving, and we take great pride in our ability to complete multifaceted projects in a safe and efficient manner."

Austin Viramontes, Director of Sales & Estimating
Bayview Demolition

PROJECT SUMMARY

The abatement of hazardous materials at this former hospital facility included asbestos and lead-containing materials, mercury-containing fluorescent light tubes, and PCB-containing lighting ballasts throughout numerous buildings, including a 110-foot-tall water tower scheduled for demolition.

INDUSTRY

- Commercial
- ↳ Government
- ↳ Healthcare

DIVISIONS

PROJECT SIZE

Large Multi-Acre Yard

CREW SIZE

3 to 6 man teams, operating on a frequent/as-needed basis

* Project Code: 18006

PROJECT SUMMARY

This project involved the renovation of the International Arrivals Terminal Building located at the Oakland Airport in Oakland, California. Two walls of the building were completely removed, and the building was expanded out to increase the overall size of the structure. In addition, the entire building was renovated, including electrical and structural upgrades. Interior finishes were completely removed and upgraded. Restrooms were completely removed and upgraded, and all of the luggage carousels were removed and upgraded. All of this work was performed with the building remaining occupied and fully functional, and since this was the International Terminal the building was under high security, which required special access badges.

Marvin J. Henderson

President

BIO

As one of the founding members of Bayview, Marvin has over 40 years of experience in the demolition and abatement industry. He started his construction experience as a union carpenter installing specialty asbestos products. Prior to the formation of Bayview, Marvin was one of the Chief Estimators and Vice President of a publicly traded environmental company.

Marvin's initial position in Bayview was to form and develop the sales and estimating team. Now as President of Bayview, he continues to guide the company to be one of the leading demolition, insulation, and hazardous material abatement contractors in California.

CERTIFICATIONS/TRAINING

- Qualifying individual for the California State Contractors license for Bayview Demolition Services, Inc. License #764068

Safety = success. The cleaner and safer the job site, meaning our people are on task and organized, the fewer injuries we experience. It's that simple. And the project comes out more successfully: on time, on budget. This all makes the clients happier.

Shane Pickett

Division Manager (Industrial)

BIO

With over 20 years of experience in all aspects of the construction industry, Shane has, since 2011, worked solely in the environmental industry. Shane's career focus is on environmental remediation, hazardous materials mitigation, waste management, and disposal. He has completed multiple large scale, and highly hazardous, facility closures throughout the metal plating, semiconductor, and chemical manufacturing industries.

Before joining Bayview in 2017, Shane last served as Northern California District Operation Manager for a Fortune 200 company. He brings invaluable expertise in the areas of environmental regulations, operations, project management, environmental health and safety, transportation, and logistics. Shane has a bachelor's degree in Environmental Biology from Northern Arizona University.

BAYVIEW DIVISIONS

Wayne Pelletier

Hazardous Material Services Division Director

BIO

Wayne joined Bayview in 2007 to assist in the expansion of the environmental service lines and to augment the growing infrastructure with previous project and work experiences. Wayne is a graduate of Quinnipiac University of Hamden, Connecticut, with a degree in Marketing and Business Development.

Wayne started his environmental service career in New York before relocating to the West Coast and working in California since 1996. Prior to Bayview, Wayne worked with firms as a Project Manager, Estimator, General Manager, and Division Head. His background in hazardous materials remediation, trauma scene management, industrial cleaning, and emergency response services has assisted Bayview in the growth of environmental service lines and its client base expansion.

Wayne holds numerous training endorsements including Train the Trainer for HAZWOPER and many other sub categories related to the Environmental Service Industry.

Michael Terry

Marketing Associate

BIO

After completing his education, Michael immediately began working in the residential construction industry, beginning as a laborer before eventually moving into sales. During this time, he also worked in various service-related industries, with a focus on working with existing clients as well as building relationships with new clientele. His experience, coupled with his natural ability to communicate effectively, will serve him well in his new role as Marketing Associate in our Northern California division.

On behalf of US Ecology we would like to express our gratitude for the support you have provided us during the Beta Oil Spill in Southern California. On events of this scale and magnitude it takes a joint effort by multiple companies to make a successful response, and once again we would like to thank you for all of your support.

Amy Janak
US Ecology

"Mr. Ayala is very concerned with the safety of his crew, and leads by example to quickly resolve issues and maintains a safe work environment. I look forward to working with Mr. Ayala and your staff again on the second phase of this project and give the highest recommendation to Bayview for potential new clients."

Basil Falcone/President
EnviroNova

"Bayview Environmental recently completed the abatement project for Nibbi Brothers at the 2 North Point office building retrofit and TI. The abatement work was completed ahead of schedule and with full conformance with all the specified regulations. I wouldn't hesitate to bring Bayview back for our next abatement job."

Spencer Sayles | Project Manager
Nibbi Brothers General Contractors
